COMMANDERY CONSTITUTED

Knights Templar Start Away
With Sixty-one
Members.

State Officers Present at the
Meeting—Sumptuous Ban-
quet Served.

Rushville Commandery No. 49, Knights Templar, which was constituted Tuesday night, has sixty-one members and is the largest Commandery in the State ever granted a charter while working under dispensation.

Tuesday afternoon the visiting State officers and other Knights were entertained with a trolley ride to Morris-town and return on the I. C. Traction company's private car, No. 306. On the return trip the low trolley broke and some delay was caused, but the party reached this city in time to take supper at the Windsor. Refreshments were served during the trip to Morris-town.

At 7:30 p. m. the Commandery was constituted and the officers installed.

The following are members of the Commandery: Theo. Abercrombie, Harvey D. Allen, Jas. W. Arbuckle, Ephraim W. Ball, Carl F. Behr, Rush G. Budd, Frank C. Buell, Wm. A. Caldwell, Harrison T. Carr, Wm. SEVERELY WOUNDED

Togo Reports That Admiral Rojestvensky is in His Hands.

Head of Russia's Vanquished and Erstwhile Splendid Flotilla Caught While Fleeing.

St. Petersburg, May 31.—It is reported that Admiral Kamimura, having pursued the Russians who escaped from the strait of Korea, is attacking them off Vladivostok.

Tokio, May 31.—It is now believed that four Russian warships in addition to those already reported lost, have been sunk by the Japanese.

Washington, May 31.—The Japanese legation has given out the following cablegram from Tokio:

Fifth Report from Togo.

The main force of our combined fleet upon accepting surrender of the remaining Russian main force near Liancourt rocks in the afternoon of May 28 as already reported, stopped pursuit and while engaged in the disposition of surrendered ships found in a southwestern direction the Admiral Ushakov, a coast defense ship. Thereupon Iwate and Yukumo were immediately dispatched in pursuit and invited her to surrender, but she refused and was sunk at 6 p. m. Her crew of over 300 men were rescued.

Cruiser Dmitri Donskoj was also found in the northwestern direction at 5 p. m., and was immediately overtaken and fired upon vigorously by our fourth division and second destroyer flotilla. She was attacked that night by the second destroyer flotilla and the next morning was found aground on the southeastern shore of Ulleung Island, off Korean coast. Our destroyer Sazanami captured toward the evening of May 27 in the south of Ulleung Island, the Russian destroyer Bledov, wherein were found Admiral Rojestvensky and another admiral, both severely wounded, together with eighty Russians, including staff officers from the flagship Prince Sovaroff, which was sunk at 5:29 p. m. on May 27. They were all taken prisoners. Our cruiser Chitose, while cruising to the northward on the morning of May 28, found and sunk another Russian destroyer. Our cruiser Nitaka and destroyer Murakumo attacked also at noon on May 26, a Russian destroyer which finally went aground. According to various reports hitherto received and statements of prisoners, the result of the battle from May 27 to May 29 is as follows:

Prins Suvorov, Alexander III., Borodino, Dmitri Donskoj, Admiral Nachimoff, Monomach, Zemtchung, Admiral Ushakov, one converted cruiser and two destroyers sunk.

Nicholas I., Orel, Admiral Apraxine, Admiral Zenkav and destroyer Bledov captured. According to the prisoners the Oslabia sank about 3 p. m., and the Navarin also was sunk.

Amazon on May 27 was observed in a disabled and sinking condition, but her final fate is yet unknown. The full particulars regarding the injury to our ships are not yet in hand, but so far as I could ascertain none was seriously injured, all being still engaged in operations. The whole casualties are not yet ascertained.

Prince Yoritomo in excellent health, Admiral Misu slightly wounded June 27.

Sixth report, received the afternoon of May 30: Loss of Oslabia, Navarin confirmed. Sissoi Veliki also definitely reported to have sunk on the morning of May 28.

Washington, May 31.—Thus far the Washington government has not received the slightest official intimation that peace is under consideration at St. Petersburg, but a report on this point is expected very soon from Mr. Mayer, the American ambassador who was some time ago instructed to make clear at the proper time to the Russian officials that while neither President Roosevelt nor any official of this government is ambitious for the role of peacemaker, Russia would find no power more ready to assist in opening direct negotiations with Japan than her traditional friend, the Washington government.

Fort Wayne, Ind., May 31.—The safe at Centlivre's brewery was blown open about midnight by a gang of professionals and \$3,000 taken. Watchman Oscar Kiefer and Barman George Keller were surprised and under the pressure of revolvers against their faces, quietly submitted to be bound and put out of the way, where they could not be heard if they broke their promise not to call for help.

South Bend, Ind., May 31.—Charles Brentlinger, while sneezing, ruptured a small intestine. His condition is serious.

MUST GIVE NO MORE PASSES

State Officials Will Pay Their Way on Railroads or Walk.

The Recent Law Has Been Construed to Apply to Any Official.

No more railroad passes are to be handed out to Indiana State officials by the railroads, according to an opinion announced at the attorney-general's office. The recent law respecting the acceptance of passes has been construed to apply to any official.

Following this determination on the part of the State officers not to accept passes comes the declaration from the Pennsylvania railroad that no more passes will be issued by that road to State officers, no matter how strong the pull is and that pass seekers who have heretofore been accommodated through the auditor's office will have to do without passes.

For years and for many administrations State officials have had passes on all railroads in this State and they have been distributed through the auditor's office as most everybody knows. Governor Hanly did not like the idea and at once made efforts to stop it. His success is marked by the announcement of the Pennsylvania Railroad company, which puts pass giving under the ban. There is authority for the statement that all the other roads will follow the lead of the Pennsylvania. Just how much of this ending the pass business is due to Governor Hanly may never be known or at least will not be known just now. That he has asked the railroads not to give passes to the State officials seems certain. Just how he asked it is not known. But his power on the State board of tax commissioners which he can control would make railroads anxious to do as the governor requests. Besides the railroads are not anxious to give away transportation.

The report showed that during the time mentioned, 262 tons of coal were consumed at the plant at a cost to the city of 17 cents per hour. The total cost of the coal was \$610.

During the past year the Central Fuel company of this city has been supplying the plant with gas at a cost of \$300 per month. Will M. Frazee of that company, who was present at the meeting last night offered to continue furnishing the plant with gas at \$150 per month. After considerable discussing and no action on the matter council adjourned to meet Friday night at which time the matter will probably be settled.

Prins Suvorov, Alexander III., Borodino, Dmitri Donskoj, Admiral Nachimoff, Monomach, Zemtchung, Admiral Ushakov, one converted cruiser and two destroyers sunk.

Nicholas I., Orel, Admiral Apraxine, Admiral Zenkav and destroyer Bledov captured. According to the prisoners the Oslabia sank about 3 p. m., and the Navarin also was sunk.

A MUDDLE IN HIGH SCHOOL

Patrons Charge a Teacher With Unfairness—One is Dismissed.

Personal and Political Influence Said to be Behind it—School Board Denies it.

Although there has been no announcement as to high school teachers employed for next year by the city school board it is understood that there has been one dismissal, which it is claimed is entirely due to personal prejudice or political influence.

It has been known for some time that there has not been harmony among the teachers of the high school this year and those in authority it is said have admitted their inability to control the situation. It seems, according to the charges being made by those who are in a position to know and whom we regard as good authority, that a certain teacher has overreached the authority vested in her and is running things with rather a high hand.

It is openly charged that proper grades given by one teacher to scholars deserving of them, have been changed by another teacher and the scholars have been caused thereby to fail in their studies.

Miss Winifred Muire, one of Rushville's popular teachers, who for the past two years has held the position of teacher of English Literature in the high school, for reasons, it is said, entirely personal on the part of other teachers and the school board, will not be retained next year. Other teachers, it is said, have also been dismissed.

As far as can be learned Miss Muire's work as a teacher has been entirely satisfactory to the pupils and the school patrons. Through personal and political influence on the part of the school board, it is said, her place has been made vacant that a relative of a member of the school board might accept it.

For years, it will be remembered, it has almost been impossible for a Rushville teacher to land a position in the high school and hold it for any length of time. For years, too, there has been continual friction among the teachers of the high school and teachers have been resigning at a rapid rate.

Surely the cause of this can be ascertained. The school board should go slow. They should not antagonize the school patrons. There is considerable indignation throughout the city over the present difficulties. The Republican can believe that the good of the schools and the wishes of the people of Rushville should have first consideration. We believe, even though charges may be brought to show that Miss Muire's work as a teacher has not been entirely satisfactory to the school board, an injustice has been done her. The Republican does not stand in her defense because of any request by anyone but because the writer has been acquainted himself with the underlying reason for the continued friction in the schools. We are sure that the school board, if they will give the matter the consideration that it deserves will, in employing teachers for next year, do what is best for the people and the schools.

The school board denies that there is any political or personal influence back of Miss Muire's dismissal. They state that the teacher in higher authority had a right to regrade the pupils' papers if she thought that Miss Muire had not graded them correctly. They state that the scholars are themselves to blame. The board says that there is nothing in the charges made against the teacher and that they have investigated and heard no complaints.

Westport, Ind., May 31.—Elmer Beilman, working at the quarries, was caught between a flatcar and a pile of stone while making a coupling in the switchyards of the Westport Stone company, and crushed about the hips, dying a few hours later.

Fatally Kicked by Horse. Bridgeport, Ind., May 31.—William Moore, fifty years old, living three miles south of this place, was killed while unhooking his horse. The animal started and threw him, at the same time kicking him in the neck, causing instant death.

Boy Crushed by Lightning. Ambia, Ind., May 31.—During a storm lightning struck and killed Harold Keys, seven years old, son of Mr. and Mrs. H. O. Keys, who was running homeward from his uncle's residence, but a few doors distant.

Woman Killed by Lightning. Dillsboro, Ind., May 31.—Mrs. Chas. Cady, thirty-two years old, was killed by lightning at her home at Holton. Nevertheless some of the scholars state that they will not return to school until their grades are satisfactorily explained. The real trouble seems to lie in the fact that there are "too many bosses," as it has been expressed to us. It is understood that the matter will be laid before the board in proper form soon and the controversy will be settled at that time.

SCHOOL EXHIBIT OF PHILIPPINES

Interesting Specimens of Drawing and Manuscript at the Court House.

County Superintendent W. O. Headen has upon exhibition in the examination room adjoining his office in the court house a large number of fine specimens of drawing, manuscript and other educational work done by pupils in the Philippine schools.

The work was sent home by Edwin Williams, a former Rush county teacher, who is now principal of the schools at Balaoan, Union Province, P. I. The exhibit includes some first class penmanship, mathematical work, map and free hand drawing and color work. Some of the work cannot be surpassed by the schools in Rush county and it goes to show the wonderful advance in education since the islands passed into the hands of the United States. It will repay anyone to see this exhibit. People will, no doubt, be astonished at the class of work on exhibition. Mr. Williams has under his direction a number of Filipino teachers who direct the work of the scholars. The name of the pupil and grade is given on each specimen. Some of the names are very queer.

Rushville people should not lose this splendid opportunity to judge for themselves of the progress being made by the once half savage natives of the Philippines.

Woman's shoes are larger this spring, says a fashion note but they don't know it, for the numbers are expressed in hieroglyphics.

Parents Should Have Large Families

By Rev. WILLIAM MITCHELL of Trinity Methodist Church, Millville, N. J.

MONG the Hebrews a child was considered heaven's best gift. Hannah and Rachel desired such a blessing from the Lord. Hebrew poetry says, "Happy is the man whose quiver is full of them." WE SEEM TO BE GOING TO THE OTHER EXTREME. There are women in America who would sooner fondle a pug dog than raise a child.

President Roosevelt, recognizing the tendency of the times to exalt culture and belittle womanhood and motherhood, has coined a new phrase—"race suicide." At the National Council of Women held at Washington his utterances were criticised by some of the delegates, who said that QUALITY WAS BETTER THAN QUANTITY. Mrs. Flo Jamison Miller, the past national president of the Women's Relief corps, is quoted as saying, "Better have two or three splendid children than a dozen incompetents."

If Susannah Wesley had been filled with the ideas of these modern women that three children are enough for a home, we never would have had Methodism, for its founder, John Wesley, was her TENTH child.

And we would never have had Charles Wesley, the famous hymn writer, for he was her EIGHTEENTH child. As we sing his grand hymns we thank God for Susannah Wesley and that she gave to the world her eighteenth child, proving that QUANTITY AND QUALITY GO TOGETHER.

The Woes of the Taxpayer

By Governor E. C. STOKES of New Jersey

TODAY the taxpayer is suffering from a high rate and is threatened with INCREASED valuations. Our tax rate in many cases is over 2 per cent, in sixty-two districts over 2½, in fifteen over 3 and in a few cases over 5 per cent. Do you believe that capital and property can pay 2 or 3 per cent in taxes AND GIVE AN HONEST ACCOUNT OF ITSELF? Are not such rates practical confiscation? Are not our citizens leaving the large cities and seeking the country districts as places of residence in order to escape these INTOLERABLE burdens? Is it not time that something was done FOR THE TAXPAYER in this humanitarian age? Is not a tax rate from \$1.50 to \$1.80 on an honest valuation all that property can stand? The constitution protects property valuations. The law fixes a limitation on bonded indebtedness. SHOULD NOT THE LAW LIMIT THE TAX RATE?

New Jersey leads all the states in the Union in good roads. Her justice is proverbial. Her record in peace and in war is second to none.

LET HER SET AN EXAMPLE IN THE SETTLEMENT OF THE PROBLEM OF TAXATION THAT SERVES BOTH THE TAXPAYERS' INTERESTS AND THE DICTATES OF COMMON HONESTY.

STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment.

We say to you positively and without reservation that we have never before known a tonic or catarrh cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS.

Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone.

You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucous, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down."

when the doctor tells you you are suffering with "general debility."

We know of one remedy that will correct these conditions and restore health—Rexall Mucu-Tone.

There is no need of a technical description of how Mucu-Tone on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the net-work of tiny capillaries and so is brought in direct contact with the sore membranes.

NEW LIFE! NEW VIGOR!

What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadyng our fagged nerves.

Rexall Mucu-Tone does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

MRS. BEAUREGARD TELLS EXPERIENCE.

"I have taken every catarrh remedy I ever heard of—tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with Rexall Mucu-Tone. The others may have helped me somewhat—but Mucu-Tone cured me."

Mrs. Minnie Alter and Mrs. May Roth, of Riverside, are on the sick list.

John Campbell and family, of northwest Milroy, visited Mort Campbell and family Sunday.

Don't think that because you never was lucky that you haven't got the key to the Money Box. There is only one key that will unlock it so bring yours in and try them. MULNO & GUFFIN.

FOR GOOD FLOUR

To run you until harvest you had better get "INDIANA PRIDE" or "PURITY". We are in a position to furnish farmers with flour and take wheat or same at harvest. Also have arrangements so that the farmers who have wheat in the mill for flour can get flour down town and will not have to drive to the mill. Remember, we give best grade flour in exchange for wheat. We ask a trial from all.

Yours,

The Rush County Mills

To Some People

A Laundry is a laundry, and nothing more—

To These People

A house is a house, regardless of size, cost or condition, and a horse should be a horse whether a winner or an "also ran."

Rather Absurd Isn't It?

Yet no more so than the belief that there is only one kind of laundry.

A laundry may give you work 15 years behind the times or it may have equipment or a laundryman that ruins your linen.

We claim to have the

Only Complete Plant

of modern equipment in the city and now have a Laundryman expert with his methods of handling goods with the least possible wear and giving the latest finish only given in cities.

Six Greek laborers at Lawrenceburg drank two kegs of beer and a gallon of whiskey, after which they got into an argument, and George Colin attacked his brother James with a bar of iron almost beating him to death. The would-be murderer was arrested.

Mrs. Thomas Logan is suffering greatly with her eye, which has been causing her trouble for some time. The physicians attending her, think that the only means of relief is to remove the eye, but on account of her age and enfeebled condition, they fear she will not be able to undergo the operation.

Connersville News, Monday: Wm. Emsweller, treasurer of the oil company trying for oil at Buena Vista, says that the drill was started downward again yesterday, under the direction of John O'Connell, who brought new drillers from Muncie. Mr. Emsweller says that no particular move has yet been made by the McCarty faction against O'Connell. Mr. Emsweller went north from here.

Considerable comment has been occasioned by the lack of interest manifested toward the observance of Decoration Day. Very few places in the city were decorated Tuesday afternoon and people did not respond as it was hoped they would in the way of giving flowers and assisting in the exercises. The G. A. R. feels this lack of interest keenly and they have a right to, for the people here showed an utter disregard for the entreaties for aid made by the old soldiers.

ARRANGEMENTS FOR CHAUTAUQUA

One May be Held in This City in Connection With Teachers' Institute.

Rev. Harmon, of Indianapolis, is in the city for the purpose of arranging for a ten days' Chautauqua, to be held at the city park in connection with the county teachers' institute to be held about the middle of August. The plans are being considered, but nothing definite has been decided upon. It is probable that the Chautauqua will begin on the Saturday preceding the institute and will continue through the next week. Chautauquas are being held throughout the State in this manner and are proving quite popular. It will be an educational treat for Rushville and the citizens should aid in securing it. It will bring the people into contact with some of the best educators in the country.

CHURCH NEWS
